

PERSONAL STATEMENT

I am a self-taught web developer from Poland. Since May 2021 my focus went entirely into programming. I have passion for programming, web development, metaverse, 3d environments and UI.

I translate designs to front-end code, and easily work with cross-functional team to define and develop any product roadmaps.

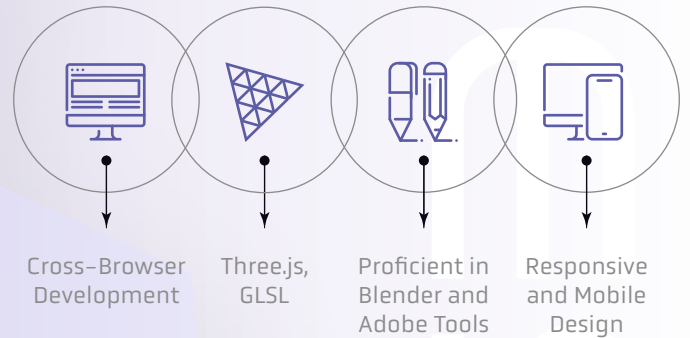

I am based in London, UK.

You can reach me anytime via mobile phone, Telegram or by email.

EDUCATION

- April 2022 – now
CS50 – Introduction to Computer Science
Harvard University – Department of Engineering and Applied Sciences
- October 2021 – December 2021
ThreeJS Journey
[Three.js Library, WebGL, GLSL]
